

# crossing barriers to share God's hope everywhere

Speaking Hope to the World®

We believe everyone needs God's hope in their lives — but many across Asia lack the opportunity to understand the gospel because they are:

**isolated**  
from knowing  
the gospel

**inaccessible**  
as they live in  
remote areas

**confused**  
by misconceptions  
& misinterpretations

**non-literate**  
and can't read it  
for themselves

For the past 60 years, God has been using the media ministry of TWR (Trans World Radio) to transform lives, especially in areas where proclaiming the gospel is restricted or forbidden.

“Without your programs, love and dedication, we would not have access to the gospel of Father in heaven and we would be lost...”

A LISTENER FROM  
NORTH KOREA

“God called us to minister to an ethnic group in a far-away village. Your program helps listeners to understand and know Him.”

A CHURCH PLANTER  
IN VIETNAM

“I used to hate Christians and their religion... but a preacher inspired me to listen to your program and I started to believe in Jesus.”

A LISTENER  
FROM INDIA

“I'm not highly educated and I find it hard to understand when I read the Bible... your program makes God's word very clear to me.”

Through prayer and careful consideration of our audience, TWR develops programs to share God's hope in their mother tongues. We distribute the programs over selected media platforms, and partner with local churches and believers for follow-up.

## TWR is looking to partner with churches and missions organizations

**We have relevant programming and discipleship resources in a variety of Asian languages** and we would like to avail them to your church congregation / people group your organization has an outreach to.

Sample content available on micro SD cards, [TWR360.org](http://TWR360.org) and portable audio players.

**We are looking to work with churches and Christian content owners** who wish to have their content translated, contextualized, produced, and/or distributed on TWR's media platforms.

For a preview, visit [TWR360.org](http://TWR360.org) or download the TWR360 app for your mobile device.
